

Carleton Rode Autumn Term Years 3 & 4

Topic: Stone Age

What can we learn about our past from digging in the ground?

English

We will be linking our writing to the topic work we will be doing in our class and using both picture books and fictional stories to inspire our writing. We will be using Drama to travel back in time and experience life in the stone age.

Spelling: Every Wednesday

Maths

We will be spend much of the first term working on our calculation skills. At home if the children can practice their timetables and using everyday maths like using money to pay for things and telling the time.

Science

We will be working scientifically through investigating and classifying materials.

Geography and History

We are going to looking at chronology and how we can place people in time. We will investigate changes through time looking at both the development of tools and maps.

Art and Design

We will be doing research into cave painting looking at how and why this was done.

We are going to look at the development of technology and how some of the great design accomplishment of the past were achieved.

PSHE

E-Safety and relationships.

Computing

We will looking at programming and data entry.

I would like to take this opportunity to welcome you all back to school and give you an idea of the things we will be looking at this half term. I look forward to hearing about your summers and all the exciting things you have been up to.

PE this year will be on a Tuesday and Thursday.
