

English

This half term we will be looking at poetry and several poetic devices. The main areas of our learning will concentrate on extending vocabulary and punctuation. Poetry is a great way to get the children writing and editing their work, working on quality not quantity. We will then be ending the year with some non-fiction text types.

With the focus of this topic being visuals there will be plenty of writing across the curriculum, a real focus this half term.

Spelling: Every Tuesday

Please continue to encourage children to read and write at home.

Maths

The children will continue to use concrete apparatus to support their conceptual understanding in Maths. We will build on our calculation work from earlier in the year and start to use and apply their knowledge during investigation and more problem based questions.

We will also be covering perimeter, area and time.

Art

The first week back at school is Arts week, ending in an open studio for everyone to come and enjoy the children's work.

The Painting 'Paston Treasure' will influence our work for the first week.

Music

We are very lucky to have a music specialist who is coming in to work through the curriculum with the children.

Geography

With the start of the Euros imminent, we will spend some time revisiting the continents and looking at some different cultures. We will be using both technology and picture to investigate similarities and differences in different countries. The children will look at both human and physical geography.

Carleton Rode Summer Term Years 3 & 4

Topic: Take One Picture

Responding to visuals.

Welcome back! I hope you have all enjoyed a lovely half term and are glad to be back at school. We have a very busy term with lots of fun and exciting opportunities for the children.

My swim training is now in full flow, so if anyone is an expert open water swimmer I would welcome any tips.

PE this half term we will be working on our Athletic and with lots of sport events coming there will be plenty of opportunities for the children to get involved.

PSHE

We didn't get to look at democracy during our Ancient Greek topic so we will look at that and the referendum. This is all linked to British values.

The children will be writing persuasive letters to encourage people to vote, writing speeches and debating their ideas.
